- It is intended to hold a village fruit and vegetable competition that will be judged summer/autumn 2009.
- The competition will be for the best fruit and best vegetable.
- For 'best' read largest, most uniform, best quality, cleanest, funniest or whatever you like!
- It is open to all and there will be two age groups - adults and youngsters (up to and including 15).
- So remember to buy your seeds early, get them planted and join in the fun - because that's all it is - honestly!! "
