## DRAMA SUCCESS!

Our local drama group's production of the comedy-whodunnit "Secondary Cause of Death" by Peter Gordon, took place in the Village Hall in September. It was a resounding success and a sell-out. For future productions you had better be sure to get your tickets early or you are bound to be disappointed. For those who missed it we hope to be able to show a recording on the 'big screen' in the not-too-distant future.
